## Non-Chlorinated Brake Cleaner

- **VOC Compliant**
- **High pressure, non-chlorinated cleaner**
- **For all brake parts and CV joints**
- **Degreasing agents leave no residue**

**Non-Chlorinated Brake Cleaner** is a high quality product can be applied to discs or drums, as well as CV joints to lift and wash soil, grease, oil, fluids and contaminants without disassembly of the brake system. The high pressure system (100 lbs) improves the cleaning action and the blend of solvents will not leave a residue. Dries quickly. **Note:** If used on painted or plastic surfaces, it is recommended that the product be tested in a remote area to insure compatibility.

## DIRECTIONS

1. Shake well before using.
2. Point spray head towards part.
3. Apply generously to the work surface to be treated.
4. Attach extension tube for pinpoint application.
5. Allow to either air dry or wipe dry with a soft cloth.

**DANGER: Extremely flammable.** Contents under pressure. Vapors may ignite explosively. Prevent build-up of vapors. Keep away from heat, sparks, flames and all other sources of ignition. Do not smoke. Do not puncture or incinerate (burn) container. Exposure to heat or prolonged exposure to sun may cause bursting. Do not store at temperatures above 120°F (49°C). **MAY CAUSE SEVERE EYE IRRITATION. MAY CAUSE SKIN AND RESPIRATORY IRRITATION.** Do not get in eyes. Avoid prolonged skin contact. Chemical safety glasses are recommended. Wash thoroughly after handling. Do not breathe vapors or mist. Do not use in confined spaces. Use only with adequate ventilation. Open windows and doors and/or use local exhaust to ensure adequate ventilation during application and drying. If you experience eye watering, headaches, or dizziness, increase fresh air, wear a NIOSH/MSHA-approved respirator, or leave the area. Do not swallow.
