

# aero<sup>®</sup> acid cleaners

AERO<sup>®</sup> Acid Cleaners are concentrated, aggressive and fast-acting

## HIGHLIGHTS

- Mild phosphoric acid-based descaler
- Economical
- Brightens metal surfaces

## TYPICAL PROPERTIES

- Specific Gravity: **1.086**
- pH: **1.5**
- Acidity: **16.2%**
- Phosphates (as P<sub>2</sub>O<sub>5</sub>): **8.6%**
- Appearance: **Clear, colorless liquid**
- Odor: **Odorless**
- USDA: **A-3**
- **Kosher certified**

## SAFETY CAUTIONS

- Keep out of reach of children.
- It is recommended that protective gloves be worn when using this product.
- Refer to M.S.D.S. for additional safety information.

## HIMIS RATINGS

## Vanish Lime Scale & Film Dissolver

Formulated for quick and easy removal of any type of mineral deposit or film. Eliminates the need for an abrasive type cleaner.

### DIRECTIONS-

**De-scaling Dishwashing Machines:** Fill wash tank with solution of 8 oz. to each gallon of water. Heat water and operate machine until scale is dissolved. Apply full strength where spray does not reach. Drain tank and fill with fresh water and operate for 5 minutes to rinse. Drain and permit to dry.

**Ceramic - Porcelain - Enamelware:** Mop or brush with a solution of 1 oz. per gallon of hot water. For heavily filmed surfaces allow solution to soak. Rinse thoroughly and permit to dry.

**Glassware & Coffee Urns:** Wash in solution of 1 oz. concentrate to 1 gallon of hot water. Rinse thoroughly with potable water.

**Food Serving & Preparation Equipment - Aluminum Cleaning:** Soak or brush with solution of 3 oz. per gallon hot water. Rinse thoroughly with potable water.

**Stainless Steel Cleaning:** Apply full strength with cloth or sponge. Will not etch. Rinse thoroughly with potable water.
