

aero disinfectant cleaners

All AERO® disinfectant cleaners are federally registered with the EPA

HIGHLIGHTS

- Superior germicidal & fungicidal
- Economical 1.5 ounce per gallon dilution
- Safe for use on all washable surfaces
- USDA authorized
- Strong pine fragrance
- 13.54% pure pine oil

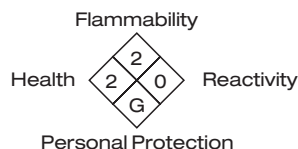

TYPICAL PROPERTIES

- Active ingredients:
Pine Oil: 13.54%, and Sodium orth-Benzyl-para-Chlorophenate: 3.93%
- Specific Gravity: **.98**
- pH : **12.5**
- Dilution: **1.5 oz per gallon**
- Appearance: **Amber liquid**
- Odor: **Pine**

SAFETY CAUTIONS

- Keep out of reach of children.
- Corrosive. Causes severe eye and skin damage.
- Refer to M.S.D.S. and product label for additional safety information and directions for use.

HMS RATINGS

Vita Pine Pine Odor Disinfectant

Vita Pine contains pure distilled pine oil, concentrated to instantly mix with water, forming a milky white emulsion. In addition, this broad spectrum germicide supplies a refreshingly clean pine odor to effectively combat malodors at their source.

DIRECTIONS- For disinfecting rooms, toilet seats and waste areas around plants: Pour 1 part disinfectant into a pail. Add 100 parts of water (4 ounces disinfectant to 12 quarts water). Stir the milky solution before using. Apply solution with a sponge cloth or by mopping. Wet all surfaces thoroughly and allow to stand for 10 minutes, then rinse. For disinfecting toilet bowls: Pour 4 ounces of the undiluted disinfectant into bowl water. Swab toilet bowl with the solution completely using a scrub brush or mop, making sure to get under the rim and let stand for at least 10 minutes. For scrubbing: Use one 4 ounce cup of disinfectant to a 12 quart pail of water (add water to disinfectant). No rinsing required except on rubber or asphalt tile. Rinse for best shine on no-wax floors.

See product label for additional information.
