

aero[®] municipal products

AERO[®] Municipal Products are effective degreasers and deodorants for sewage treatment facilities.

HIGHLIGHTS

- Liquefies scum blankets
- Dissolves grease balls
- Reduces foam levels
- Contains no chlorinated compounds
- Alkali free
- Acid free

TYPICAL PROPERTIES

- Specific Gravity: **0.8**
- Dilution: **Ready to use**
- Appearance: **Yellow**
- Odor: **Solvent**

SAFETY CAUTIONS

- Keep out of reach of children.
- It is recommended that protective gloves and safety glasses be worn when using this product.
- Make sure there is adequate ventilation.
- Refer to M.S.D.S. for additional safety information.

HMIS RATINGS

aero[®]

GB Breakdown Grease and Scum Solvent

A floating grease and scum solvent. Extremely effective in dissolving scum blankets and grease balls in lift stations, sewer lines and wet wells.

- Reduces foam level.
- Keeps grease and scum from settling and clogging pumping stations, sewer lines, mains and the digester.
- Contains no quaternary or chlorinated compounds, no free alkali or free acid.
- Prevents concrete erosion and protects costly equipment..
- Eliminates tedious scrubbing and scraping operations.
- Allows clean up without shutting down the lift station.

Directions-

For Eliminating Scum Cake and Grease:

Through any port or inspection hole, add 20-25 gallons of this product followed immediately by the addition of 500-2,000 gallons of water. Wet down top of grease cake with water daily.

Daily addition of 1-2 gallons of this product in the sludge compartment allows effective and continuous treatment of both top and bottom of grease cake. Circulation should be continued as usual.

For Pumping Station, Wet Wells and Sewer

lines. Add this product directly into force mains and sewer lines as needed to remove built-up grease. Allow this product to drip directly in wet wells and pumping stations.
