

aero® degreasers/cleaners

The AERO® line of Degreasers/Cleaners contains butyl-based and non-butyl degreasers, concentrated and RTU, for a wide variety of industrial and institutional applications.

HIGHLIGHTS

- Ideal for spray, agitated immersion, and ultrasonic applications
- Non-butyl, neutral pH, no VOC's
- Contains no phosphates, silicates, solvents or chelating agents
- Removes heavy grease
- Oil-splitting
- Low foaming for automatic scrubbers, aqueous parts washers and spray cabinets
- Multi-metal corrosion protection
- Excellent for ultra filtration systems

TYPICAL PROPERTIES

- Specific Gravity: **1.04**
- pH: **9.7**
- Solids: **10.0%**
- Appearance: **Clear red liquid**
- Odor: **Odorless**

SAFETY CAUTIONS

- Keep out of reach of children
- It is recommended that protective gloves and safety glasses be worn when using this product
- Refer to M.S.D.S. for additional safety information

HMIS RATINGS

ND44 Neutral Degreaser

This product is a concentrated neutral pH non-butyl degreaser which removes the heaviest of grease accumulations. Contains no phosphates, silicates, solvents, or chelating agents. Low-Foaming for automatic scrubbers and spray cabinets. Oil-splitting for easy oil and grease separation. High degree of product recovery in ultra filtration systems.

DIRECTIONS:

- Dilute 4 to 6 ounces per gallon for general degreasing and routine maintenance. Use at 130-140°F in aqueous parts washers, spray cabinets and ultrasonic units. If corrosion protection is desirable, do not rinse. If residue-free parts are required, rinse with water.
