

aero[®] aerosol disinfectants

AERO[®] brand aerosols are the finest available anywhere. A full range of solutions, from cleaning, to pest control. No other products can match our standards or our commitment to quality.

HIGHLIGHTS

- Total Release Fogger
- Controls Mold / Mildew
- Broad-range disinfectant
- Air Deodorizer

TYPICAL PROPERTIES

- Specific Gravity: **0.881**
- pH: **8.5**
- Active Ingredients:
Orthophenylphenol: **0.08% min**
Para-tertiary amylphenol: **0.02% min**
- Propellant: **Hydrocarbon**
- Spray Characteristics:
Medium, coarse spray
- Fragrance: **Floral**
- Net Weight: **6 ounces**

SAFETY CAUTIONS

- Keep out of reach of children.
- Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting. Do not use this product in or on electrical equipment due to the possibility of shock hazard.
- Refer to M.S.D.S. and product label for additional safety information and directions for use.

HMIS RATINGS

Total Release

**BACTERICIDAL
PSEUDOMONICIDAL
STAPHYLOCIDAL
TUBERCULOCIDAL**

FUNGICIDAL VIRUCIDAL* (Kills HIV-1 and Herpes Simplex Type II)

A BROAD-SPECTRUM ANTIMICROBIAL AGENT FOR ENVIRONMENTAL SURFACES.

CONTROLS MOLD/MILDEW

ELIMINATES ODORS BY ATTACKING THEM AT THEIR SOURCE.

FOR USE AS A TOTAL RELEASE AIR DEODORIZER: DO NOT use more than one fogger per room. DO NOT use in small, enclosed spaces such as closets, cabinets or under counters or tables. Do not use in a room 5 ft. X 5 ft. or smaller; instead, allow fog to enter from other rooms. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Cover exposed food, dishes and food handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 6,000 cubic feet of unobstructed area. Use additional units for remote rooms or where free flow of mist is not assured. Do not remain in the area during treatment and ventilate thoroughly before re-entry. Do not use this unit in a cabinet or under a counter or table. **TO OPERATE VALVE:** Place several layers of newspaper or pad on stand or table in the center of the room. To lock fogger valve in open position for automatic discharge, press valve button all the way down hooking in catch. Then place fogger on the stand or table. Leave building at once and keep building closed for two hours before airing out. Open all doors and windows and allow to air for 30 minutes.

ONE UNIT TREATS UP TO 6,000 CUBIC FEET

FOR DISINFECTING HARD SURFACES as directed below, lightly depress valve (do not press valve button all the way down, do not lock) and point can to area to be sprayed.

FOR DISINFECTING, mildew control, and deodorizing of clean surfaces: spray from 6-8" until thoroughly wet. For disinfection, allow surface to remain undisturbed for at least 10 minutes before wiping. Repeat treatment weekly to maintain effective control of mildew.
