

# aero® food processing

Our line of AERO® Food Processing products is a complete line of high-foaming and CIP, alkaline, acid and chlorinated cleaners, no-rinse sanitizers and lubricants.

## HIGHLIGHTS

- RTU mineral oil based
- Odorless
- Non-staining

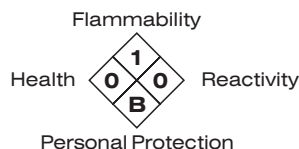

## TYPICAL PROPERTIES

- Specific Gravity: **0.835**
- Viscosity: **350 SUS @100°F**
- Appearance: **Clear liquid**
- Odor: **Odorless**
- USDA: **H-1**
- Kosher Certified

## SAFETY CAUTIONS

- Keep out of reach of children.
- Eye and skin irritant. May be harmful if swallowed.
- Avoid inhaling mists.
- Refer to M.S.D.S. for additional safety information.

## HIMIS RATINGS

## Liquid Food Equipment Lube

**Liquid Food Equipment Lube** is an odorless lubricant for use in food processing plants as a lubricant with incidental food contact. May be used on machine parts and equipment in locations in which there is potential exposure of the lubricated part to food.

## DIRECTIONS-

- Thoroughly clean surface to be sprayed.
- Apply with a clean cloth and wipe lightly with a sweeping motion. Avoid over-applying.
- On sticking parts, work back and fourth to allow good penetration.
- Wipe off excess with a clean cloth.
