

aero[®] solvent degreasers

AERO[®] Solvent Degreasers are designed to meet a wide variety of heavy-duty industrial cleaning requirements and environmental concerns.

HIGHLIGHTS

- High flash point
- Water-rinsable
- Pleasant odor
- Heavy duty

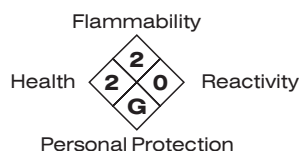

TYPICAL PROPERTIES

- Specific Gravity: **0.81**
- Flash Point: **143°F**
- Appearance: **Clear liquid**
- Odor: **Citrus Odor**

SAFETY CAUTIONS

- Keep out of reach of children.
- CAUTION: COMBUSTIBLE MIXTURE.
- It is recommended that protective gloves and safety glasses be worn when using this product.
- Make sure there is adequate ventilation.
- Refer to M.S.D.S. for additional safety information.

HIMIS RATINGS

Solv 250 Solvent Degreaser

SOLV 250 is a water-rinsable, high flash point (143°F) solvent formulation with a pleasant citrus odor. Effective in removing heavy greases, oils, adhesives, lubricants, tar, etc. May be used for cleaning metal and plastic parts, equipment and floors. Suitable for cold degreasing or CIP applications.

DIRECTIONS:

- **Cold degreasing:** May be used for immersion cleaning of parts in circulation type units, ultrasonic, air agitated and pressure spray units. If residue free cleaning is required, rinse parts with water after cleaning. If a light corrosion resistant temporary coating is desired, do not rinse.
- **CIP Cleaning:** May be used to clean various industrial equipment without disassembly. Apply by brush, cloth or spray. Do not use on operating equipment that may spark or that has an open flame. Do not spray on hot surface. If desired, rinse with water.
