

# aero<sup>®</sup> aerosol bench maintenance

AERO<sup>®</sup> brand aerosols are the finest available anywhere. A full range of solutions, from cleaning, to pest control. No other products can match our standards or our commitment to quality.

## HIGHLIGHTS

- Dry, non-staining
- High temperature applications - up to 600°F
- Fast drying spray

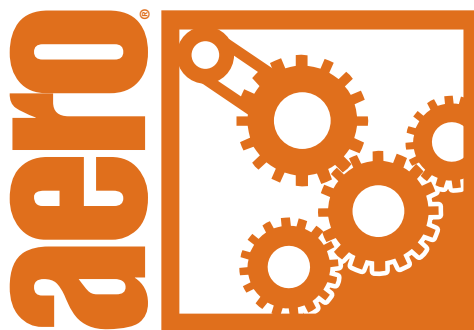

## TYPICAL PROPERTIES

- Specific Gravity: **0.672**
- Active Ingredients: **0.3%**
- Propellant: **Hydrocarbon**
- Spray Characteristics: **Harsh, circular, coarse spray**
- Appearance: **Opaque colorless liquid**
- Odor: **Solvent**
- Net Weight: **11 ounces**
- USDA: **H-2**

## SAFETY CAUTIONS

- Keep out of reach of children.
- Contents under pressure. Do not expose to heat or store at temperatures exceeding 120° F. Do not use near sparks or open flames. Do not puncture or incinerate container. Wrap empty container and put in trash collection.
- Refer to M.S.D.S. for additional safety information.

## HMIS RATINGS

## Dry Lube

**Non staining / All purpose dry lubricant**

**● Clean ● Dry ● Non-Corrosive**

**Contains: Teflon\* Telomers**

**\*Registered Trademark E.I. Dupont**

Dry Lube is a clean, white teflon spray lubricant, which provides excellent lubricant properties where cleanliness is required. Dry Lube will not stain nor will it act corrosively on the surface treated. A must for plastics which require lubricating. Excellent for lubrication of wood, plastic, metal and glass surfaces, singly or in combinations.

## DIRECTIONS:

- Hold container upright 6 to 8 inches from surface to be sprayed.
- Spray area to be lubricated liberally.

**DANGER:** Extremely Flammable. Avoid breathing vapor. Use only with adequate ventilation. Avoid excessive inhalation of fumes and repeated or prolonged contact with skin. Intentional misuse by deliberately concentrating and inhaling vapors may be harmful or fatal.
