

aero[®] disinfectant cleaners

All AERO[®] disinfectant cleaners are federally registered with the EPA

HIGHLIGHTS

- Contains pure pine oil
- Economical
- Excellent cleaner and degreaser

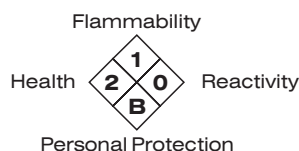

TYPICAL PROPERTIES

- Specific Gravity: **1.0**
- pH : **7.0**
- Active Ingredients:
Pine Oil: **3.95%**
Alkyl dimethyl benzyl ammonium chloride: **1.97%**
- Appearance: **Amber liquid**
- Odor: **Pine**

SAFETY CAUTIONS

- Keep out of reach of children.
- Causes eye damage and skin irritation. Do not get in eyes, on skin or clothing. Wear goggles or face shield.
- Refer to M.S.D.S. and product label for additional safety information and directions for use.

HMS RATINGS

Pine 4

Disinfectant, Cleaner, Deodorant

Pine 4 is effective against a wide variety of gram-positive and gram-negative bacteria. It is also an excellent deodorant and is especially effective in controlling odors that are bacterial in origin.

Pine 4 mixes with water to form clear, stable use solutions. Use solutions are non-corrosive and non-staining to plastic, vinyl, synthetics, enamel, tile and most common metals. Has a pleasant pine odor.

This product may be used for cleaning and disinfecting hard, non-porous, inanimate environmental surfaces (glass, metal, glazed porcelain, linoleum, tile, smooth leather, vinyl, enameled and finished wood surfaces) on walls, floors, appliances and furnishings.

CLEANING: TO CLEAN AND DEODORIZE OR TO PRECLEAN PRIOR TO DISINFECTION. Depending on the soil level of the area to be cleaned, use 3 to 12 oz. of Pine 4 per gallon of water.

DISINFECTING: HOSPITALS, VETERINARY CLINICS, NURSING HOMES, AND OTHER MEDICALLY RELATED USES: Use 7½ oz. of Pine 4 per gallon of water (1 part to 16 parts water) for one-step cleaning and disinfection of areas with light to medium soil loads. For heavily soiled areas, preclean as described above and then disinfect with Pine 4 at 6 oz. per gallon (1 part to 20 parts water)

SCHOOLS, INDUSTRIAL AREAS, BARBER SHOPS, RESTROOMS, RESTAURANTS, FOOD AND MEAT PROCESSING PLANTS (NON-FOOD PROCESSING AREAS), PUBLIC ROOMS, OTHER NON-MEDICAL USES: Preclean surfaces. Then, disinfect with a solution of 4 oz. of Pine 4 in a gallon of water (1 part to 31 parts water). Alternatively, clean and disinfect in one operation using 7½ oz. of Pine 4 per gallon of water.

FOR DEODORIZING GARBAGE CANS, GARBAGE TRUCKS, INDUSTRIAL WASTE RECEPTACLES, AND GARBAGE HANDLING EQUIPMENT. It is especially important to preclean for the product to perform properly. Then, apply a wetting concentration of 16 oz. of Pine 4 per gallon of water.

FOR MILDEW CONTROL: Follow directions for hospital disinfection. Repeat treatment every seven days, or when new growth appears.

This product may be used through automatic floor scrubbing equipment. This product must not be used on food contact surfaces.
