MEDISoft

HAND SANITIZING FOAM

New!

MEDISoft foaming aerosol hand sanitizer is alcohol based and allows you to sanitize your hands when hand washing is not possible. Contains a unique blend of emollients and conditioners that leaves your hands silky smooth and soft. Using a foaming aerosol hand sanitizer is the preferred method by hospitals over the liquid variety. MEDISoft is a more efficient way for employees to frequently clean their hands and thus cut down on the spread of infection.

HIGHLIGHTS

- Preferred by hospitals over liquid hand sanitizing products
- Non-Allergenic sanitary foam
- Removes dirt and bacteria without the need of water
- Provides convenience and portability
- Available in two convenient sizes:
 - 7oz delivers 250* estimated uses per can
 - 16oz delivers over 600* estimated uses per can

APPLICATIONS

- Hospitals, nursing homes (patient turnover, physical therapy rooms)
- Schools (buses, locker rooms)
- Health Clubs and Spas
- Daycare Centers
- Transportation (airports, buses, subways, trains, etc.)

TYPICAL PROPERTIES

- Active ingredient: Ethyl Alcohol 62%
- pH: 7.6
- Spray Characteristics: Creamy white foam
