- Refer to M.S.D.S. for additional safety information.

HMIS RATINGS

Mist 2 Adhesive

Non Chlorinated Adhesive

Mist 2 Adhesive is a high solid adhesive formulated for the screen printing industry. **Mist 2 Adhesive** will secure T-Shirts, fleecewear and many other fabrics to the platen during screen printing. This product will remain tacky and resist melting under the high temperatures required for flash curing. This product will not transfer to the fabric or cause wrinkling.

DIRECTIONS:

- Shake container well before using! This product works best at room temperature.
- Hold can 6 to 8 inches from surface being sprayed. Use a circular motion when spraying platen. Do not concentrate in one spot.
- When finished spraying invert can and spray until tip is clear of adhesive.

WARNING: EXTREMELY FLAMMABLE!
Vapor harmful. Use only in well ventilated areas.
