HMS RATINGS

Ravage

Car and Truck Wash

Dissolves Road Film Without Brushing

This product is formulated to remove road film, exhaust deposits, and bug residue from the painted surfaces of cars and trucks. This eliminates time consuming brushing. This product can also be used in pressure cleaning systems to clean painted metal, wood and aluminum siding. This product works in hot or cold water and rinses freely leaving no soap scum. Will not harm pressure washing equipment. Contains no phosphates.

DIRECTIONS:

- For heavy duty cleaning dilute 1 part product to 25 parts water and use without brushing.
- For lighter soil or for use with brushing this product may be diluted up to 1 to 100 depending on area to be cleaned.
- Apply with pressure washer and allow time to penetrate soil. **DO NOT allow product to dry on surface.**
- Rinse all treated surfaces thoroughly with clean water.
- Do not wash vehicles in direct sunlight.
- Always wash from the bottom to the top and rinse from the top to the bottom.
