Formula

Water Based Stainless Steel Cleaner

LIMPIADOR DE ACERO

Aero® Water Based Stainless Steel Cleaner is specifically designed for use on stainless steel, chrome, aluminum, brass, copper and most other metal surfaces. Formulated with special foaming agents to instantly loosen and remove soils from most metal surfaces. Water Based Stainless Steel Cleaner contains no abrasives and will not scratch surfaces. Leaves only a glossy (non-oily) protective coating behind! Also safe for use on solid surface counter tops, Formica, granite, and marble.

Aero® Water Based Stainless Steel Cleaner is an oil based emulsion that does not have the oiliness and flammability of solvent based stainless steel cleaners. Aero® Water Based Stainless Steel Cleaner removes the solvents and replaces them with water to lower the VOC's and make it more environmentally friendly. it uses highly refined oil like those used in baby oils, so it's ideally suited for use in food preparation areas that need a product that cleans and leaves a protective shine.

DIRECTIONS

Shake well. Spray evenly over surface to be cleaned from a distance of 8-12 inches. Wipe area clean. For heavily soiled areas a second application may be necessary.

DANGER: FLAMMABLE. Harmful or fatal if swallowed. Use only with adequate ventilation.

INGREDIENTS (C.A.S. Number): Water (7732-18-5), Mineral Oil (8042-47-5), Propane (74-98-6), Butane (106-97-8)
